CARLIN CONVERT TO WOMAN SUFFRAGE

Old Dominion to Lead South in Giving Franchise to Women

OPPOSED TO DELAYS

When a Congressman He Says He Took a Different View—Now Convinced Women Want to Vote.

Former Congressman Charles C. Carlin of this city favors woman suffrage and in a letter written to W. C. Hall house of delegates, says so. His letter follows: February 8, 1920

Hon. Wilbur C. Hall,
House of Delegates,
Richmond, Virginia.

Dear Mr. Hall:

Referring to our several conversations, and your request for my views upon the adoption of the Federal Amendment for the enfranchisement of women, I am now glad to say to you that I have reached the deliberate conclusion that the time has come when the men of Virginia should enfranchise our women and not have the franchise come to them as a gratuity from the men of other states.

The question is no longer one that Virginia can of itself control. We all know now that it will be only a few months when there will be a sufficient number of States ratifying the Constitutional amendment to make it effective. The objection to the amendment which the legislature has so frequently expressed is one that I have personally always entertained. You are familiar with my record, and know that as Chairman of the Sub-Committee of the Judiciary Committee of the House of Representatives the Sub-Committee having charge of the suffrage question,—I did all in my power to prevent the submission of an amendment which I thought would not meet with the views of the people of the South, but we have passed beyond the discussion of the advisability of the form of the amendment and are confronted with the facts as I have related them, and the only question now for the Virginia legislature to decide is,—shall the women of Virginia be enfranchised by Virginians or enfranchised despite Virginians.

I favor giving the women of Virginia immediately the right to vote and by opinion, this can be done at once, and under such conditions and restrictions as apply to males voting in the State. The women ask for no privileges beyond those which the men enjoy. They will gladly meet the same requirements and restrictions as to opinion is that the Legislature of Virginia can, at once, by statute, enfranchise our women. It may be said by those who do not wish to enfranchise women that Article 2, Section 19, of our Constitution prevent this from being done. I am convinced that such is not the case. The constitutional provision referred to while expressly enfranchising males does not inhibit the Legislature from increasing the right of franchise.

This is a great deal for me to say in view of my record when as a Representative of the people of Virginia I took a different view of this question, and yet, my attitude is a consistent one. I have contended from the beginning, and publicly stated a thousand times, that when I was convinced that the women of Virginia really desired the right to vote, I would gladly advocate such right. I am now convinced that they do want the right to vote, and am further convinced that they ought to have it and let's give it to them ourselves; Let's give it to them now; let those of us who have heretofore stood in bold opposition bow gracefully to the inevitable and graciously surrender to the wishes of our own women, rather than unduly submit to the determined purpose of those of other States.

Virginia has always been a leader of thought and foremost in advancing those things which lead to a better and a higher civilization. Our women have always looked to us to maintain the prestige our ancestors brought to our Commonwealth. I think wise and just to hesitate no longer our duty is plain and clear; We should act at once. When Virginia has acted, her voice will be heard throughout our land and will lead the way to an unanimous expression amongst the States for the enfranchisement of women.

I hope that you entertain the same view of this question that I do. If so, you could not do yourself nor your State a better service than to give your hearty support and co-operation to the enfranchisement of Virginia women.

Sincerely yours,
C. C. Carlin.

LABOR OPPOSES MEASURE

Claiming that the attempt to fix prices by statutory enactment is unsound and uneconomical, the Richmond Central Trades and Labor Council, representing 12,000 producers and consumers, went on record last week as opposed to the Boschen Bill introduced in the House of Delegates to check profiteering by requiring that the cost and selling price be marked on each piece of merchandise offered for sale.

Price-fixing by statute would operate to centralize the control of industry, would tend to fix wages at the lowest level, and would hold out no incentive to the worker to improve his product, the resolutions adopted last week set forth. This practice would lead lawmaking bodies "into the folly of guaranteeing profits, which principal is destructive of both industry and government," one of the paragraphs in the resolution reads.

ASSESSORS DECLINE JOB

Three Out of Four Named by Judge Barley Refuse to Serve

Three out of the four assessors recently named by Judge Barley have declined the job. Charles E. Tennesson is the only remaining one of the four named. Those who were named assessors were Charles E. Cox, and James Bayne, and Joseph F. Rogers and Charles E. Tennesson were named deputy assessors. Mr. Tennesson was to have been clerk to the board. It is expected that Judge Barley will soon appoint others to take the places of those who declined the job.

SUFFRAGE FIGHT UP ON FRIDAY

Leedy Rejection Resolution Special Order in Senate That Day

LEEDY'S OBJECTIONS

Senate Postpones Action Because of Senator Mapp's Absence Due to Illness.

Richmond, Feb. 4.—Action on the Leedy resolution for the rejection of the Federal suffrage amendment was deferred until Friday when it came before the Senate yesterday afternoon at 12.30 o'clock as a special and continuing order. The postponement came at the request of opponents of the resolution because of the absence of Senator Mapp, leader of the Senate forces.

Over the protest of Senator Leedy who objected to postponement, especially until Friday, but later waived the issue, the Senate unanimously adopted a motion offered by Senator Trinkle to pass by the resolution.

The real fight was centered around the new date, with Senator Leedy urging that the usual week-end exodus of legislators from the capital would again force the issue to be deferred. Upon the promise of Senator West that the Eastern Virginia members will remain in their seats until Saturday midnight if necessary to vote on the question, the member from Page reluctantly withdrew his objection.

Delegate Franklin Williams, of Fairfax, announced yesterday afternoon that he has prepared a bill to be introduced in the house to automatically abolish the State prohibition department. It is reported that the prohibition forces are more apprehensive about this bill than they are concerning the Epes measure, which provides for a State constabulary to replace the prohibition department.

SENATOR GLASS EXPLAINS PLANS

Favors Severe Economy in Public Expenditures

LIVING COST TODAY

Favors Revision of Revenue Law—Budget System in Government's Outlay Commended.

Washington, Feb. 4.—Severe economy in public expenditures, revision of the tax laws and establishment of a national budget system will be urged in Congress by former Secretary Carter Glass, of the Treasury, who took the oath of office late Monday as senator from Virginia.

"These three matters are closely connected with the problem of high living costs," said Mr. Glass.

Although Mr. Glass believes that any reduction in the aggregate of taxes is impossible at the present time, the incidence of taxation should be studied, he believes, with a view to the revision of the revenue act on lines which will produce the necessary revenue with the minimum of inconvenience and injustice To this end he will urge that excess profits tax should be repealed or greatly modified.

"It encourages wasteful expenditure," he said, "puts a premium on overcapitalization and a penalty on brains, energy and enterprise, discourages new ventures and confirms old ventures in their monopolies.

I favor revision of the revenue law so as to require that, for the purpose of ascertaining the amount of sur-tax payable by a taxpayer, his income from state and municipal bonds shall be reported and included in his total income, and the portion of his income which is subject to taxation based at the rates specified in the act in respect to a total income of such amount.

"It is impossible to determine the actual gain in revenue to the government which would result from such an amendment to the law. That it would be very material, I have no doubt.

"A question has been raised concerning the right of the government under the Constitution to tax the income from state and municipal bonds but there can be no doubt of the constitutionality of such an administrative provision."

Concerning the need for economy and the establishment of a budget system, Glass said:

"Inevitably government expenditure increases the cost of living.

"The budget system, under which the government's outgo would be properly related to its income, will help economy in public expenditures. The time has passed when this question can be discussed academically."

BANKERS TO MEET HERE

Group No. 3 Will Hold Meeting February 23

The annual meeting of the Group No. 3, Virginia Bankers Association will meet in Alexandria February 23 in the Westminster Building. It is expected that about 40 representatives from the different banking institutions will be in attendance.

The session of the association will convene at 10:30 o'clock and be presided over by S. D. Myers, Harrisonburg, Va., who is chairman of this group.

R. M. Green, of the Citizens' National Bank, this city, is vice chairman, and he is now busy completing the details incident to the convention.

Fifty-two banks in northern Virginia are represented in what is known as Group 3. The last meeting of this group held in Alexandria was in 1916.

Annual reports will be submitted. A dinner will be served at 1 o'clock in the afternoon.

Following the dinner the delegates will be taken in automobiles to the plant of the Virginia Shipbuilding Corporation and the Naval Torpedo Station. It is expected that they will be entrained at a theater party in Washington at night.

SPORTS

The Virginia Athletic Club had little trouble defeating the Columbia Athletic Club five last night at McBurney's Hall, 37 to 19. Minnigh, Tulloch and Coach Tommy Cockrell starred for the winners, while Claude Haynes and John McCuen played well for the losers. The Virginia Athletic Club will play all of its independent games at McBurney's Hall in the future.

The Alexandria High School basketball team will play the Columbia Athletic Association at eight o'clock tonight in the High School auditorium. The High School teams, both boys and girls, will go to Warrenton Friday to play the High School teams of that place.

A snappy practice session was staged by the American Legion team last night under Captain Rosy Hayden at the Community Center.

Tonight, the Belmonts of Washington, clash with the Dreadnoughts at the Armory in what is expected to be a rip roaring contest. The Belmonts have been going at a fast clip, all but defeating the Y. M. C. A. Yankees recently. They are primed for the Dreadnoughts and are out to win. The game will start at 8 o'clock.

Friday night's game between the Virginia Athletic Club and the Dreadnoughts in the City Basketball League has aroused a great deal of interest among local basketball followers, and a good sized crowd is sure to witness the encounter.

This afternoon, the Officers' Team from Camp Humphreys will play the Gallaudet College five at Camp Humphreys. The game is scheduled to get under way at 4 o'clock.

Thursday night, the American Legion five journeys to Washington to play the Belmonts in the Aloysius gym. This will be the first game for the local ex-soldiers, sailors and marines. Manager Champion is planning a big schedule for the boys both here in Alexandria and in nearby town.

Basketball will be discontinued at the Community Center for the time being owing to extensive improvements which are being made in the gymnasium. It is hoped to be able to re-open the gym shortly for the use of the many boy and girls who have been using it for the past three months.

The Dare Devils lost a hard fought game to the Victors yesterday at the Community Center, 19 to 15.

The regular monthly meeting of the Columbia Steam Fire Engine Company will be held tonight at 7.30 o'clock. As there is considerable business of importance it is requested that all member attend.

Y. M. C. A. ORGANIZED HERE LAST NIGHT

Walter Hanson to be General Secretary in This City

LAMOND PRESIDENT

Executive Committee of Fifteen Chosen—Judge J. K. M. Norton Praised for His Work

The provisional committee which, headed by Judge J. K. M. Norton has for the past few weeks been endeavoring to secure funds with which to begin the work of the Y. M. C. A., in this city, having secured a sufficient amount of subscriptions for the purpose, met last night in the rooms of the Chamber of Commerce, for the purpose of forming a permanent organization. Those attending the meeting were: Rev. Dr. John Lee Allison, Rev. Dr. E. B. Jackson, Rev. Edgar A. Spielman, Rev. George J. Hill, A. S. Mankin, James Smythe, Clarence N. Moore, Urban S. Lambert, C. C. Lamond, T. M. Ervin, N. S. Greenaway, J. C. Wynne, Alvin Powell, James R. Caton, R. E. Knight, D. R. Stansbury, E. S. Leadbeater, Norman Roberts, Judge J. K. M. Norton, H. Noel Garner, C. E. Pierpoint, Aubrey Shuman, W. S. Risdon, T. S. Boswell and Clinton Brown.

Those present expressed themselves in the most enthusiastic manner at the success of the efforts already made, and declared their determination that the Y. M. C. A., should hereafter be a permanent institution in Alexandria. J. W. Knight, field secretary for the state committee of the Y. M. C. A., addressed the meeting, explaining the objects and purposes of the Y. M. C. A., and it's work, the success with which it had met in other cities and the wide field of usefulness that awaited the workers here in Alexandria. A constitution for the government of the Alexandria body was presented and fully discussed, after which it was unanimously adopted.

It provides, among other things that the Alexandria Y. M. C. A., shall be governed by a board of directors, not less than fifteen in number, and upon an election for those directors being held it resulted in the election of the following as directors of the permanent organization.

Urban S. Lambert, J. K. M. Norton, Gardner L. Boothe, C. C. Lamond, Clarence N. Moore, Charles J Diehl, James R. Caton, N. S. Greenaway, Samuel W. Pitts, Carroll Pierce W. S. Risdon, Norman Roberts, C. E. Pierpoint, R. E. Knight, J. A. Hulfish, George K. Bender, H. Noel Garner and William Campbell. The meeting then adjourned and the board went into executive session, and elected the following officers: C. C. Lamond, president; J. K. M. Norton, vice president, Samuel W. Pitts, secretary; Carroll Pierce, treasurer.

The board of directors extended a call to Walter Hanson to be the general secretary of the work in Alexandria, who for the past two years and a half has been the executive secretary of the Y. M. C. A. in Atlanta, Georgia, engaged in Army and Navy work, and who has had a wide experience in every department of Y. M. C. A., activities, and who was present and was presented to the board of directors.

The Board unanimously adopted a resolution, providing for a woman's auxiliary for the work in Alexandria, which auxiliary is to be organized as soon as the general secretary shall have had opportunity to take the matter up with the ladies who are actively interested in the movement.

Upon motion of Rev. Dr. E. B. Jackson, a rising vote of thanks was unanimously extended to Judge J. K. M. Norton for his untiring energy and unfailing zeal in promoting the work and purposes of those who have interested themselves in the organization of a Y. M. C. A., for Alexandria. Dr. Jackson declared and it was the unanimous sentiment of those present that but for the efforts of Judge Norton who has been instant both in season and out of season, day and night, for the institution of this local Y. M. C. A., it could not have been possible, for a considerable time, at least, to have had brought to Alexandria this branch of the Y. M. C. A., work, which can only result in an increased good to the city of Alexandria and to it's people.

ONLY TWO MORE DAYS FOR FILING NOTICE

Candidates Desiring to Take Part in Primary April 6.

NO NOTICES YET FILED

Candidates Must Have Application Signed by Fifty Voters—Mayor, 4 Aldermen and 8 Councilmen

Only two days remain within which candidates for mayor, board of aldermen and common council may file their notices of candidacy and be allowed to participate in the primary to be held April 6.

Notices of candidacy must be filed with Chas. Bendheim, chairman of the democratic committee on or before Feb. 6th. Each candidate must accompany his notice with a petition signed by fifty voters, each signature to be witnessed and attested by affidavit. The candidates must also file with their notices the receipt of the city treasurer showing payment of the required entrance fee.

Mr. Bendheim when seen today said that no notices of candidacy had been filed with him as yet, but it is understood that quite a number of petitions are being circulated among the voters in the interest of prospective candidates. So far as present indications show there will be few contests in the election of members of council and board of aldermen.

The candidates whose terms expire in addition to the mayor are as follows: First ward, Alderman, F. F. Marbury; common council, J. D. Matter and E. F. Tiler; second ward, Alderman W. W. Ballenger and Councilmen Joseph M. Armstrong and Jerome Kaufmann; third ward, Alderman John T. Harrison and Councilmen H. R. Burke and A. J. Pohl; fourth ward, Alderman C. C. Batcheller and Councilmen S. Deavers and Clinton Ballenger.

MEETING OF AMERICAN LEGION TONIGHT

A regular meeting of Alexandria Post American Legion, will be held in the Chamber of Commerce rooms tonight at eight o'clock. Matters of importance will be brought to the attention of the Post, and it hoped there will be a large attendance.

IN MEMORIAM

In sad but loving remembrance of my dear father, Charles H. Goodrich, Jr., who departed this life 28 years ago today, February 4, 1920.

Twenty-five years have passed, our hearts are sore,
As time goes on we miss you more
Your memory is as fresh today,
As in the hour you passed away.
A precious one from us has gone,
A voice we love is stilled,
A place is vacant in our home
That never can be filled.

By his devoted daughter,
Margaret Goodrich Evans.

ECHO OF RECONSTRUCTION

Fifty years ago yesterday the late Lewis Mc Kenzie was sworn in as Congressman from the Seventh (now the eighth) District of Virginia. McKenzie had been elected over Charles Whittlesey, and the latter had contested his right to his seat on some pretext. General Farnsworth, then a Representative from Illinois, former colonel of the Eighth Illinois Cavalry, which command it has ever been believed set fire to and destroyed the office of the Alexandria Gazette in the early part of 1862, and with whom McKenzie was familiar, made the motion to seat the Alexandria Congressman. The motion was adopted, and McKenzie who was on the floor of the House at the time, but not expecting he was to be seated so easily, was ordered to advance to the Speaker's desk and be sworn in. With all the blood in his body apparently in his face, he obeyed and was soon numbered with the Solons of that day.

McKenzie filled an unexpired term and was a member of Congress but a few months. He was beaten next year by the late Braxton Bragg, of Spottsylvania, that county being in this district at that time.

The Alexandrian had had the Congressional bee in his bonnet many years. He attempted to get into the House of Representative in 1805 the candidates being Lewis McKenzie, Gilbert S. Minor and R. Y. Conrad, of Frederick county. The latter was elected by a large majority, but being unable to subscribe to the ironclad oath of that day, was not seated. Besides Virginia was not in the union then.

McKenzie died in June, 1895.

TEMPESTOUS NIGHT

Meteorologically, last night was wild, a strong northeast wind and rain prevailing, which cleared the streets of all persons not forced to face the elements. The stormy conditions had not been anticipated as the weather forecast had not prepared us for the tempest.

The wind came in heavy flaws, slamming windows blinds, swaying signs and causing the swaying electric lights to cast groteque shadows upon houses and fences. The wind moaned down chimneys, and whistled round corners, driving sleep from many.

Conditions without were suggestive of those which prevailed one night in the latter part of October 1878, when the steamer Express, which had plied between Alexandria and Baltimore, was sent to the bottom in Chesapeake Bay while endeavoring to enter the Potomac river. Sixteen or seventeen persons perished in this disaster.

The steamer from Norfolk arrived this morning about on time notwithstanding the storm she was forced to face up the bay and river.

Rainy conditions continued this morning, although the wind had diminished somewhat in force. Snow also fell during the early hours.

As usual, the ground hog was given the credit for bringing on the disturbance, as the rodent saw its shadow about noon Monday.

SELF HELP

Samuel Smiles, famous English educator, years ago wrote a book entitled "Self Help," which abounds in many apt illustrations. A contemporary recently showed how the city of Chicago has recently given an illustration of what a community may do when its uses its own powers to help itself in time of trouble. The city had a crime wave. Hold-ups, robberies, burglaries, safe cracking and other forms of crime developed with great rapidity. The city did not ask new laws, made no criticism of officials; it just helped itself. The police rounded up all the loafers in the resorts of vice and looked them over. They brought in a thousand men, found in questionable surroundings, who were not employed, yet wearing good clothing and supplied with money. Many who were merely loafers were warned and let go. Out of the others many were identified as highway men and face trial. Night after night the police gathered them in. Night after night the loafing places of the men of the underworld were raided and every one was taken. The city is now free from the highwaymen, the payroll robber, the thug.

EVANGELICAL RIVALRIES

Charging that "the competitions and rivalries of evangelical denominations in the United States have resulted in astounding waste and inefficiency," and that 86 per cent of the Protestant Churches have a total seating capacity of more than 53,000,000,000 or three times their requirement, Rev. Dr. Robert Westly Peach, pastor of a Reformed Episcopal Church, in Newark, N. J., makes a plea for organic union of 32 national church bodies.

In his statement, a minority report, he declared that Protestant had built perhaps "100,000 superflous churches at a cost of $500,000,000.

"If not a single church had been built in the past 13 years," he said "those standing in 1906 would accommodate at a single service every Protestant communicant of the year 1919 and every Roman Catholic in our country, baptized infants included, and, besides, every man, woman and child in Canada, Cuba and Porto Rico, and there would still be much room to spare.

The upkeep and the salaries incident to maintaining services in Protestant Churches," Dr. Peach said "make necessary the raising annually of millions of wasted dolars make necessary, moreover, gruelling efforts to raise this money. Inevitably there has arisen The Great Protestant Order of Mendicant Pastors and Sisters, unincorporated. Inevitably also has followed a widespread defection of church members, weary of continual solicitation to give outright and to buy tickets for suppers, entertainments, bazars, etc.

TIRED EDITORS

Everybody has heard of the tired business man. There seems to be something about most lines of business which is extremely tiresome. The tired business man has been played up in the newspapers, in the theaters, in story and in song. But who have ever heard of tired editors? They are supposed to be tireless. They must be on the job twenty-four hours a day, seven days in the week. Nothing that occurs at any hour of the day or night should escape his notice. Not only should he notice it, but he should be able on the instant to tell all about it, to compare with it every similar occurrence since the world began, to expound its true relation to the other affairs of the universe and to predict just what will be its effect on the generation after the next. All this the editor should be able to do without effort and, therefore, without weariness.

Now comes the shock. The Belgian Press association has sent a committee to request the Brussels government to follow the example of Holland, Italy and Spain, and issue a decree prohibiting the sale of newspapers from Saturday night till Sunday morning. The idea is of course that they might enjoy one day of rest each week. Presumably, these editors are willing to forego the profit which is generally attached to the Sunday newspaper. They care only for the blessed respite from the burdens of telling the whole world every day exactly where to get off. Let us hope these weary editors may achieve the rest they seek so that they may cease to turn envious eyes each Sunday to the lolling and care-free fellow craftsmen of Italy, Spain and Holland.—Richmond Virginian.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As to Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly Sometimes would go a month or two, and I had terrible headache, backache and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

VIRGINIA NEWS

William Johnson, of Nineveh, ...ren county, yesterday began ...ving a 60 day sentence on the ...te road force for immorality, at ...e expiration of which he will be ...rrested on a state warrant charging him with transporting to this state for immoral purposes a young woman named Mary Miller, who claims to be from Illinois. The Miller woman is ill of influenza in Winchester, and is technicaly under arrest there. The couple came from Hagerstown, Md., and are also said to have lived in Chambersburg and Shippensburg, Pa., and Martinsburg, W. Va.

James M. Lockhart, 92 years old, died at Wardensville, W. Va., where he spent all of his life, with the exception of a number of years passed in Nebraska. In 1876 he built three small houses, which he placed on wheels, and with these drawn by oxen and cattle he and his family and others made the trip through the rough and rugged country to the trackless West, where he remained 12 years. Although exempt from military service because of age, he served throughout the Civil War in the 33rd Virginia Infantry under Colonel (afterward Governor) Fred. W. M. Holliday, of Winchester.

Prohibition Inspector W. C. Hall has submitted to a charge of disturbance lodged against him by the police officer for behavior in a Danville restaurant. The fine imposed was $5 and costs, but he was required also to pay the balance of another fine still owing, which brought the total up to $17.

Officers other than deputies and inspectors of the State Prohibition Department are given wide latitude in an amendment to the Mapp bill proposed in the House Monday by Major Gibson, of Culpeper. These officers are empowered, under the provisions of the measure to administer oaths, take affidavtis and examine records. With a warrant they are empowered to enter buildings and, without a warrant, enter freight yards, passenger depots, baggage and storage rooms of any common carrier, train, baggage express, Pullman or freight cars and any boat, automobile or other conveyance where there is reason to believe that the law relating to ardent spirits is being violated. Such officers may call to their aid in obtaining such information and in making such search any officer of the law whose duty it is to enforce the law prohibiting the sale of ardent spirits.

One more death from influenza and 267 additional cases were reported to the Roanoke health department yesterday. Records now show a total of 1,624 influenza patients, 48 pneumonia and 11 deaths since January 22. A serious shortage of nurses still exists.

A severe northeast storm, accompanied by heavy rains, is sweeping along the coast of Virginia.

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

Breaks a Cold in a Few Hours

"Pape's Cold Compound" Instantly Relieves Stuffiness and Distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and cost only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

DROWNS HER CHILD

Salem, Mass., Feb. 4.—Mrs. Guido Allaro, and her 7-year-old daughter are in a serious condition here as the result of the woman's attempt to drown two of her children by throwing them into the icy waters of south River late Monday, and then take her own life by jumping in after them.

Heroic rescue work by several men who witnessed the tragedy saved the lives of Mrs. Allaro and one child, but the other was drowned before aid could reach it.

Before Mrs. Allaro took the children to the bridge she opened all the gas cocks in her home, in what police believe was an attempt to kill herself and her children.

Mrs. Allaro is said to have been suffering from nervous trouble.

NEARLY GETS "FLU"

Escape Narrow, of President, Dr. Grayson Says; Walks About Unassisted

President Wilson contracted a cold several days ago and had a narrow escape from influenza, his physician, Rear Admiral Grayson, said yesterday. Every precaution is now being taken to protect the President, Dr. Grayson said, and no person with even the suspicion of a cold is permitted to enter his room.

Dr. Grayson said the President was steadily, though slowly, improving, and is allowed now to walk about the second floor of the White House unassisted.

Who are the witnesses?

They are Alexandria people.

Residents of Alexandria who have had kidney backache, ... ills, bladder ills; who have used Doan's Kidney Pills. These witnesses praise Doan's.

One Alexandria resident who speaks is B. C. Hall, 115 South Payne St., He says: "My kidneys were so sore I could hardly get up or down. I was so weak and lame across my back it was all I could do to bend over and lace up my shoes. I was always in misery no matter what position I was in. On top of all that I suffered from headaches and nervousness and my kidneys acted so freely at night I couldn't get any rest. When someone told me about Doan's Kidney Pills I was about used up. I got Doan's at Ashton's Drug Store and you can believe me I was surprised at the quick cure I got. I have had no return of kidney trouble since using Doan's".

D'ANNUNZIO SEIZES SHIPS

Torpedoboat and Auxiliary Vessel Are Brought Into Fiume

Trieste, Feb. 4.—Gabriele d'Annunzio, Italian insurgent leader at Fiume, has seized the torpedoboat Orsini and the auxiliary ship Citta di Roma, bound from Ancona to Pola with munitions and foodstuffs for the Italian naval forces. The vessels were brought into Fiume Monday.

Turin, Feb. 4.—Four lieutenants, five sublieutenants and one sergeant of Capt. Gabriele d'Annunzio's Fiuman army, who made up the party which kidnapped Gen. Nigra, commander of the Italian Forty-ninth division, stationed at Istria, last Wednesday night, have been arrested, and are imprisoned here, after having again crossed the armistice line.

Rome, Feb. 4.—The Giornale d'Italia, in an editorial today, expresses the belief that now is the time for Premier Nitti to put an end to the Adriatic controversy, with the assistance of Great Britain and France, "while it is evident that the United States will stand aside, having the right no more to intervene in the settlement of European questions."

How Much Does a Good Watch Cost?

THE automobile has been instrumental in teaching us to figure costs.

The purchase price—plus the upkeep—divided by the years of service—gives you the actual cost.

On that basis a good watch is the cheapest thing of value that you can own. A good watch is a necessity and will last a lifetime.

Our stock is ample for all needs.

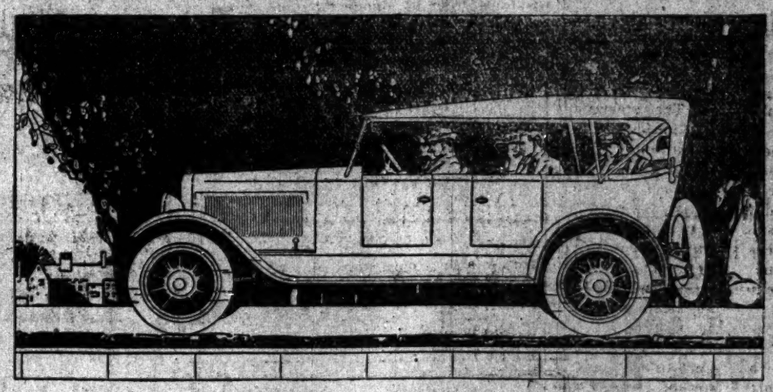
CHANDLER SIX

Famous For Its Marvelous Motor



Europe Welcomes The Chandler Six

NOW and then you read something about "French style and line" in automobiles, or perhaps it's "the newest English idea." And some folks have gone across to get the newest suggestions.

Europe hasn't built automobiles for five years and Europe is crying for new cars and good cars.

America's style is Europe's style now.

The Chandler Six, popular in many other countries for years but kept out of Europe the past three years because of war-time prohibition of shipments, is welcomed everywhere in Europe now—welcomed for the excellence of its performance, and quite as much for the beauty of its styles of body.

The Chandler, represented in the British Isles by Messrs. H. G. Burford & Company, Ltd., of London, was exhibited by that old established English automotive house, at the great Olympia Motor Show,

and was "quite the sensation of the show," says a London cable. "Three hundred and seventy Chandlers were sold in two days."

Apparently England is greatly pleased with America's best style in motor cars.

FAVORS BANK TAX CUT

$1.00 a Share to be Local Maximum Permitted

Richmond, Feb. 4.—With one dissenting vote, the House Finance Committee Monday night decided to report favorably a bill fixing the maximum tax on bank stocks at $1 for cities, towns or counties, Delegate Edward E. Fuller, of Richmond, stood alone against his fourteen co-workers in opposition to the measure, his negative vote having been cast as the result of a request by the City Council.

Under the provisions of the bill, which has the support of bankers throughout the State, the local tax on bank stocks is cut 25 cents. The present tax, including State tax, is $1.50 in Richmond, Petersburg and Roanoke where the maximum rate is in effect. The new maximum local and State, fixed at $1.25. In many localities the local rate is considerably below the new local maximum.

City Attorney Henry R. Pollard, of Richmond, led the fight against the bill. He was supported by representative from several other cities. Mr. Pollard introduced figures to show that Richmond will lose $41,000 annually by the reduction of the tax. His contentions were backed by a joint resolution from the Richmond City Council, which requested the Richmond delegation in the General Assembly to oppose the proposed measure.

Oliver J. Sands, president of the American National Bank, and John M. Miller, Jr., president of the First National Bank, were among the active advocates of the bill. They contended that the high rate in Richmond tended to drive ownership of bank stocks away from the city, and refuted the argument that Richmond is entitled to the higher rate because of better protection afforded banks and bank property.

Delegate Fuller, in voting against reporting the bill favorably, anncunced that he did so because of the action of the Richmond City Council in requesting the local delegation to oppose the measure.

Action on the bill has not yet been taken by the Senate Finance Committee. The meeting Monday was to have been a joint one for consideration of the bill, but because of other committee meetings, the senatorial committee could not be present,

While reported favorably to the House, the bill is due for a hard battle before being finally enacted. At the last session of the General Assembly, when the maximum local rate was $1.15 an effort was made to lower it. but instead the rate was increased to its present maximum of $1.25.

ALLIES REJECT HAPSBURGS

Paris, Feb. 4.—The Hungarian government yesterday was notified through the council of ambassadors that the leading allied powers can never recognize the restoration of the Hapsburg dynasty in Hungary. Such restoration, the allies pointed out, would necessitate revision of the entire peace treaty.

Influenza and Week Blood

Run Down and Listless Condition May Make You a Target For the "Flu"

Because Blood is Probably Thin

At This Time of Danger, Take Pepto-Mangan—It Builds Rich, Red Blood

No matter how well you usually are, if temporarily you're run down, you're a target for the influenza.

Contagion always gets listless people first. Whether they realize it or not, their blood is thin and undernourished—in no condition to fight off the germs it meets everywhere.

It is a wise precaution to take a good tonic at this time of danger—some well-known builder of red, vigorous blood, like Pepto-Mangan.

And if you did not think of this in time—if you are now recovering from a fight with influenza—your blood will need help for weeks after you think the danger is past.

Take no unnecessary chances. Get Pepto-Mangan and start taking it today. Pepto-Mangan is an effective blood builder that has had the endorsement of physicians for years.

Pepto-Mangan is sold by druggists in either liquid or tablet form, just as preferred. There is no difference in medicinal value. But be sure you get the genuine Pepto-Mangan. Ask for Gude's Pepto-Mangan and be sure the name is on the package.

ROBBED AND ASSAULTED

Boy Friend Confesses he Needed Money to be Married—Took $50

Washington, Feb. 4.—With her skull fractured in several places and only a slim chance to live, Mrs. Emily Faithful, 63 years old, of Congress Heights, today is in Casualty Hospital. She was assaulted yesterday afternoon in her home.

Edgar Perrigo, 17 years old, also of Congress Heights, and a friend of Mrs. Faithful, is being held in the Eleventh Precinct Police Station charged with assault with a dangerous weapon, and robbery.

Early yesterday afternoon, Perrigo admitted, the police say, he entered Mrs. Faithful's home, talked to her an hour, then struck her over the head twice with an iron pipe, 18 inches long and more than one inch thick. He confessed that he robbed her of $50, and then made his escape, only to be arrested shortly before 4 o'clock at the home of his sweetheart at 418 South Carolina avenue.

Not only does Perrigo confess to assaulting and robbing Mrs. Faithful, but admits he tried to strike William Collins, a boarder in the woman's home, who attempted to catch and hold him.

"I was to be married today and needed money," Perrigo told the police last night, "so I decided to get it from Mrs. Faithful.

What Will They Do?

THE best reply that can be made to the question, "What will they do?" is to tell what they have done. The following letter from J. L. Southers, Clerk, Eau Claire House, Eau Claire, Wis., is one of many that Foley & Co. have on file:

"Several years ago I wrote you in regard to a remarkable cure I had received from the use of Foley Kidney Pills. One of the worst features of my trouble was that I could not sleep at night. To show the lasting benefit of Foley Kidney Pills I wish to now state that after all this time I have had no return of the kidney trouble and I sleep soundly. I have recommended Foley Kidney Pills to lots of people who report the great good they do them."

Isn't it reasonable to assume that what Foley Kidney Pills have done, they will do again?

Foley Kidney Pills

are compounded in strict conformity with National and State Pure Food and Drug Laws. They are made from the purest and finest ingredients that money can buy—medicines generally accepted as the most helpful for kidney trouble and bladder ailments. No expense is spared to make them the best kidney pills offered the American public. To the best of our knowledge and belief they cost more to make than any other.

With this time-tried relief from kidney trouble at hand, why suffer from backache, rheumatic pains, swollen or stiff joints, sore muscles, puffiness under eyes, aching nerves, dizziness, dry mouth, weakness or irregularity of the bladder, or other symptoms of disordered kidneys?

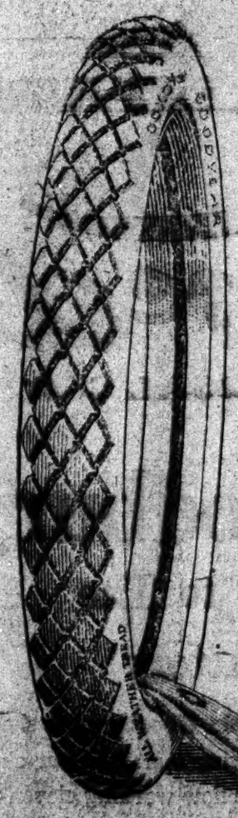
Equip Your Small Car With Goodyear Tires



If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same type and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3½ Goodyear Double-Cure Fabric, Anti-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are thicker, heavier tubes that combine extra strength and elasticity. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tube cost little more than tubes of less merits. 30x3½ size in motor-proof box $3.20

GAS KILLS GUESTS

Newark Boniface is Arrested on Charge of Manslaughter.

Newark, N. J., Feb. 4.—Six men were found dead of gas poisoning in a small hotel here yesterday. All of them had been sleeping in one room, three on one bed, two on another and the sixth on a cot.

Dej Grana, a Spaniard, owner of the hotel, was arrested on a charge of manslaughter by order of County Physician Warren. It is alleged that he was guilty of criminal negligence in allowing the use of defective gas fixtures.

All the dead are Spaniards, Five of them arrived here Monday to work in the shipyards. The sixth had been in this country one month.

PATENT MEDICINES FATAL

Pottsville, Pa., Feb. 4.—Drinking patent medicines as a substitute for whisky proved fatal to Michael Yakuhs, of this city, who dropped over dead yesterday after drinking a bottle of 'stomach bitters.'

Previously he drank the contents of a 4 ounce bottle of health "drops" containing considerable alcohol. It is believed [illegible] and the alcohol caused Yakuhs's death.

THE DRY FORCES

The dry forces in Virginia in the interest of their campaign are sending out a letter written by S. R. Donohoe, federal prohibition director for Virginia, G. Walter Mapp, state senator, under date of January 23. The letter is written in response to one sent Mr. Donohoe asking about the duties of the federal commissioner.

Mr. Donobhe sets forth that his entire force consists of two clerks and three inspectors. He says it is unnecessary to define the duties of clerks or stenographers. The principal duties devolving upon the inspectors he says are to visit places and persons who have permits to sell or prescribe alcohol, intoxicating liquors and narcotics, and to see that the priveleges granted them under the law have not been exceeded or abused. Continuing he says: "We have absolutely nothing to do with the policing of the state and the special line of work involved in the detection of illicit stills, bootlegging, etc., pretains as heretofore to another department. Concluding he says: "We need the continued active co-operation and assistance of the State Department of Prohibition and I should regard its abolishment or any curtailment of its efficiency, as a staggering blow, administered by opponents of law enforcement of the prohibition laws of the state and nation.

David Hepburn in a postscript to the bottom of a copy of this letter says that the letter proves conclusively the necessity for the Department of Law Enforcement for the State Virginia for some time yet to come.

VLADIVOSTOK FALLS

Uprising Purely Local, Gen. Graves Reports—Allied Troops Patrol City

Washington, Feb. 4.—Another (revolution) has occurred in Vladivostok, the Siberian port through which the American Expeditionary Forces are being returned home.

Major General Graves, in a message dated January 31, received yesterday at the War Department, reported that the outbreak was purely local in character and that the revolutionists were in control of the city. Allied troops were patrolling the streets to protect citizens and prevent robbery.

The platform announced by the revolutionists, the General said, declares against civil war in Siberia and for the end of foreign interference in Siberian affairs.

In announcing General Graves message, Secretary Baker said the revolution would not interfere with the departure of the American troops, which began last month. The Secretary added that the American army stores in Vladivostok were not large, but that there was a considerable quantity of army material at Vladivostok which had been sold to the Russian Co-operative Society

London, Feb. 4.—An official statement to the British War Office from Odessa under date of February 2 says that the Bolsheviki have captured Nikolaiev and now are marching on Otchakof. The chances of holding Odessa are regarded as very doubtful, the statement adds.

TONIGHT! YES! YOU MUST!

You Can't Stay Bilious and Constipated. Your Liver and Bowels Need "Cascarets"—No Gripe!

Turn the rascals out—the headache, biliousness, indigestion, colds, the sour stomach and misery-making gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

Cascarets tonight straighten you out by morning. They work while you sleep.

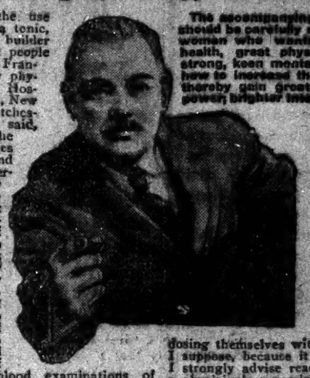
Physician Explains Who Should Take Nuxated Iron

Practical Advice on How To Help Build Up Great Strength, Energy and Endurance.



The accompanying article of Dr. Sullivan should be carefully read by every man and woman who wants to possess perfect health, great physical endurance and a strong, keen mentality. Dr. Sullivan tells us how to increase the iron in our blood and thereby gain greater physical and mental power, brighter intellects and better health.

Commenting on the use of Nuxated Iron as a tonic, strength and blood builder by over three million people annually, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and The Westchester County Hospital, said, "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anaemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through the body something like corn through an old mill with rollers so wide apart that the mill can't grind.

"For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all "run down," while at 50 or 60 with plenty of iron in your blood you may still be young in feeling, full of life, your whole being brimming over with vim and energy.

But in my opinion you can't make strong, vigorous, successful, sturdy iron men and healthy, rosy-cheeked women by feeding them on metallic iron. The old forms of metallic iron must go through a digestive process to transform them into organic iron—Nuxated Iron—before they are ready to be taken up and assimilated by the human system. Notwithstanding all that has been said and written on this subject by well-known physicians, thousands of people still insist on dosing themselves with metallic iron, simply, I suppose, because it costs a few cents less. I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble then purchase Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken preparations such as Nux and Iron and other similar iron products and failed to get results, remember that such products are entirely different thing from Nuxated Iron.

Manufacturers' Note—Nuxated Iron which is used by Dr. Sullivan and others with such surprising results, and which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee satisfaction and success to every purchaser or else will refund your money. It is dispensed by all good druggists.

SURE RELIEF FROM ITCHING SKIN DISEASES

Will Never Come From Salves, Ointments, or Other Local Treatment.

A million gallons of lotions, ointments, salves or other forms of local treatment will not give any real permanent relief from skin diseases. Get this fact firmly in your mind, and there is hope for you.

If you have ever been afflicted with eczema, tetter, boils, eruptions, or other similar skin irritations you can appreciate the real terrifying discomfort that comes from these disorders. And what you are looking for is not merely temporary, palliative relief that may cause the terrible burning and itching to abate for awhile, but real genuine relief that shakes off the crackles of the disease, and restores the skin to its former healthy condition.

Follow the teachings of science, and you will learn that the skin is fed by the blood, and naturally, then, the condition of your skin will depend upon the condition of your blood. If the blood becomes infested with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are attacked at their source and removed from the blood.

Genuine relief, therefore, can only be expected from a treatment that goes right to the seat of the trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders, and it can be relied upon to cleanse the blood thoroughly of the germs which cause these complaints. S. S. S. is also a splendid tonic and system-builder, and it builds up and adds new vigor to the whole system.

Go to your drug store and get a bottle of S. S. S. today, and begin the right treatment for skin diseases. Then if you feel that your case requires special medical advice, you can obtain same without cost by writing to Chief Medical Adviser, 13 Swift Laboratory, Atlanta, Ga.

A Little "Danderine" Checks Ugly Dandruff and Stops Hair Falling

Get a small bottle of "Danderine" at any drug store for a few cents, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications often remove every bit of dandruff and stops falling hair. Every hair on scalp shortly shows more life, vigor, brightness, thickness and color.

DEMAND GUILTY HUNS

Allies Hand List of 800 War Criminals to German Representative

Paris, Feb. 4.—The list of Germans accused by the allies of war crimes and whose extradition is to be demanded, is headed by former Crown Prince Frederick William and several other sons of the former German emperor. The list was handed to Baron Kurt von Lersner, the German representative here yesterday afternoon.

Included in the list are Dr. Theobald von Bethmann-Hollweg, former German imperial chancellor; Field Marshal von Hindenburg, Gen. Erich Ludendorff, formerly first quartermaster general; Field Marshal von Mackesson, Crown Prince Rupprecht of Bavaria; the Duke of Wurtemberg and a number of other princes and title officers.

The total number of names on the list is about 800, and it is divided into eighteen sections. The first section is a common list of all the accused. Then follow seven other lists giving the names, rank and accusations of persons whose names were supplied by Great Britain, France, Italy, Belgium, Roumania, Jugoslavia and Poland.

Paris, Feb. 4.—The entente rejoinder to the refusal of Holland to accede to the allied demand for the extradition of former Emperor William is imminent, according to the Petit Parisien. The newspaper says that while the note will be generally conciliating toward Germany, it will consider, in case of a new refusal by Holland, measures going as far as the breaking of diplomatic relations or a naval blockade of Dutch ports.

A different forecast of the note, however, is given by the Journal des Debats. It says its information is that the powers are not contemplating for the present any such measure as the breaking off of diplomatic relations of a blockade. They will insist, it says, on the surrender of the former emperor, but will not accompany the repetition of the demand with threats.

VOTES $2,000 TO PAY COUNSEL

The House yesterday tentatively passed an appropriation of $2,000 for Victor L. Berger, making a total of approximately $7,500 the government has paid the Milwaukee Socialist who had twice been refused a seat in the House.

The appropriation yesterday was for attorney's fees in the contested election case brought against Berger by Joseph Carney, who opposed Berger in a Congressional election, and was made under the law which allowed both parties to an election contest $2,000 for their expenses. Carney, whose claim was rejected by the House elections committee also got $2,000.

LOSE PASTOR STROKES ON BAIL

Socialist Released For Trial February 16.

New York, Feb. 4.—Mrs. Rose Pastor Stokes, Socialist and social worker, was released on $5,000 bail here last night under orders to appear for examination February 16 as a fugitive from justice. She was taken into custody on request of the police of Chicago where she was indicted January 28 on a charge of criminal syndicalism.

Mrs. Stokes was arrested as she stepped from the witness chair in the Supreme Court, where she had been testifying at the trial of Benjamin Gitlow, former New York Assemblyman, charged with criminal anarchy. She was so weak when she left the stand that attendants had to assist her to a seat. She previously had told of being ill in bed for the last 10 days and her voice was so hoarse and low that the court stenographers were asked to repeat her testimony to the jury.

KILLED BY LOCOMOTIVE

A Passenger Train Runs Down an Aged Farmer

Cumberland, Md., Feb. 4.—Bloody trains on the engine led to a gruesome discovery when entirely unaware of the fact that they had struck and killed Charles Boden, an aged farmer of Somerset county, Pa., the crew of No. 6, fast Eastbound B. and O. passenger train, reached this city. It was not until the engine reached the pits in the local shops for repairs, that the discovery was made.

Human blood and brains were scattered over the wheels and pilot of the engine and the hat and handkerchief of the dead man were found. Dan Quinn, engineer, who drives the locomotive between Pittsburgh and this city, was at a loss to know where the man was struck.

Investigation brought out the fact that Boden was hit about 15 miles from this city, between Hyndman and Williams Station. The body was found by track employes. Boden was about 80 years of age and very feeble, which probably explains his inability to get out of the engine's way. The dead man was on his way home.

FLOE KILLS FISHERMEN

New York, Feb. 4.—A great ice floe crushed a small duck boat in Jamaica Bay at midnight Sunday night, causing two fishermen to drown. They were Stanley and Clyston Lundy, brothers.

Another brother, Allan Lundy and Edward Shecyleton, managed to climb upon the floe after a desperate struggle. Their cries for help being unheeded, they were forced to swim to the shore.

"BARBER-SHOP BOOZE"

Freeport, Ill., Feb. 4.—Four young men are dead and eight others are in the hospital seriously ill as a result of drinking "barber shop booze," at a party Sunday night in a local barber shop. The beverage was concocted by members of the party, using liquid spirits as a base. Within a few hours all the men became ill and were taken to the hospital. Their bodies turned black and blue, the physicians reported.

100,000 NEEDLESS CHURCHES

Philadelphia, Feb. 4.—One hundred thousand superfluous churches have been built in the United States at a cost of $500,000,000, Dr. E. W. Peach told the inter-church council yesterday.

Peach recommended union of all Protestant churches under a constitutional form of government. Such a union would cut expenses, he said.

If the merger is completed, the Federation will be known as "The United Churches of Christ in America," it was said.
